THIS is fast becoming an out-of-door age. A result of this desire to be in the open has created an ever-increasing demand for furniture for the veranda, lawn and garden.

"OLD HICKORY" is the only natural, logical outdoor furniture. It is built to last. It is quaint, artistic. It never offends. It is genuine handcraft.

In making "Old Hickory" furniture we have put forth our best efforts to produce a furniture of good workmanship and admirable design.

From sturdy, young hickory saplings, cut in the fall when the bark will adhere to them, the framework of this unique furniture is made, the various parts being mortised solidly together. Long strips of the stout inner bark of the hickory tree are woven together to form the seats and backs of the chairs, settees and swings, and to its elasticity and strength "Old Hickory" owes its reputation for comfort and durability.

"Old Hickory" furniture is substantial, dignified; one feature which marks its individuality is its simplicity; simplicity means economy, and with "Old Hickory" the greatest economy is in its permanent quality. "Old Hickory" lasts forever.

With the awakening of our people of modern times to the beauties of Nature, the popularity of "Old Hickory" furniture increases year by year. Semi-outdoor living is now the rule. The veranda has become an established fact — a part of every home; the sun parlor is looked upon summer and winter as the spot of supreme restfulness, and for both veranda and sun parlor "Old Hickory" is the ideal — the accepted furniture.

However, this handsome furniture is no longer regarded as appropriate merely for veranda, lawn and outdoor use. The

universal demand for it for every purpose by people who appreciate individuality and distinction, has caused us to produce "Old Hickory" furniture in a variety of attractive designs, which affords unlimited opportunities for the selection of pieces to furnish appropriately any part of the home. Living rooms, libraries and smoking rooms now possess an added atmosphere of home-like charm with furnishings of "Old Hickory." Bungalows and cottages are made more attractive when completely fitted with this artistic furniture, and the result is always beautiful and simple.

In summer hotels and resorts, airdomes, roof gardens, cafeterias and lodge rooms — everywhere — in all climates and under all conditions you will find "Old Hickory" furniture being used with perfect satisfaction.

With this catalogue you will find the introduction of "Refined Old Hickory" — an addition to our regular line. This variation from the rugged, rustic side to a suggestion of the more refined does not in the least alter the strength and durability for which "OLD HICKORY" furniture has always been famous, but simply adds a note of richness and quiet elegance where such is desired for use in the more elaborate library, drawing-room and dining-room, thus making it possible to furnish completely the interior of any home with this practical, beautiful and not too expensive furniture.

Give us your ideas for anything you may want in rustic furniture. We are the largest designers and builders of all kinds of rustic work in the world. If it isn't in the catalogue we will submit designs and prices by return mail.

Old Hickory Furniture and Rustic Work for Garden and Outdoor Uses

ALL of our Rustic Work, such as Summer Houses, Lawn Seats, Fences, Pergolas, etc., are constructed of sassafras poles with the bark still covering them. Sassafras has a beautiful rustic bark, is very durable, and therefore the most suitable material for any kind of Rustic Work.

Beautify your grounds by adding one of our Summer Houses. There is nothing more desirable and refreshing in the warm summer days, and you will find it a delightful resting-place, where you can entertain, read and sew.

For spacious lawns and grounds surrounding summer homes, there is nothing more substantially beautiful and attractive than our Rustic Bridges, Fences, Gates, Pergolas, Arbors, etc. The completeness of the line makes it possible to transform a bare and vacant-looking expanse of lawn into the most inviting garden. Old Hickory adds just that touch that gives charm and beauty. Strong and substantial, neither time nor weather materially affect it, and it always has the rustic beauty of the natural tree.

You need "Old Hickory" rustic work to complete the settings of your garden and your lawn. We make a specialty of all kinds of outdoor furniture and rustic work. Just write for what you want and we will gladly submit designs and estimates for anything in this line.
